

CEDAR USER FORUM

“Making a Positive Difference”

Cedar’s User Forum is focused on how we can make a positive difference to the lives of people with disabilities.

We want to empower people with disabilities to influence and inform services that will support them to live fully inclusive lives.

Our aims are:

- To advocate on behalf of Cedar service-users and offer support when needed
- To ensure Cedar services are focused on the needs of people with disabilities and continue to be person centred
- To make sure Cedar’s policies, procedures and information are user-friendly
- To support Cedar’s recruitment and selection of staff
- To enable Cedar’s service-users to complete customer satisfaction questionnaires
- To represent Cedar service-users at public events and consultations

The Forum is made up of service-users with a wide range of disabilities. We are prepared to challenge poor practice and seek service improvements. To achieve this, we consult and communicate with service-users, management, staff and external agencies.

Please complete your details below and we will support you to become involved in your local forum.

Name: _____

Address: _____

Tel: _____

E mail: _____

Keyworker at Cedar: _____

I wish to:

- Receive the quarterly newsletter
- Receive minutes and agendas of my local meetings
- Attend meetings
- Advocate and consult on behalf of service users
